

The **Chatuge Gun Club** has implemented an e-mail notification system to communicate with it's members. This system will allow us to quickly notify you of events that may occur before a monthly newsletter can be published and distributed. Unscheduled range closures due to maintenance or law enforcement training requirements are examples. If you have a question as to if we have your correct email address, send the info to Joan Moody at [joan@chatugegc.com](mailto:joan@chatugegc.com)
