## Pistol Steel Plate ~ January 21st

A total of 17 competitors came out to shoot. 17 competitors shot rimfire pistols in the morning and 0 competitors shot center fire pistols in the afternoon, due to rain. The steel plates are setup on steel rails at 20 yards for rimfire and 20 yards for centerfire. The match consisted of two stages. Stage one was a timed / accuracy event, with ammo per magazine limited to 6 shots. The shooter had 5 steel plates on five wood post, four white and one red stop plate. The stop plate was required to be shot last. If the shooter missed the stop plate a 30 second penalty was added to the time. Ammo was limited to six rounds only. Any steel plate not hit added a 10 second penalty each. This stage was shot twice with the times combined.

Stage 2 was a timed event that consisted of 6 steel plates set on one steel rail, a spinner target, the eight target Texas Star, the 6 target shooting tree, and one bonus steel plate on post at 45 yards. Total targets were 23, including the bonus targets. The stage allowed the shooter unlimited magazines loaded to capacity. Any steel plate standing increased the shooters time by 10 seconds each. If the shooter did not attempt the spinner it added 20 seconds to the time. If the shooter shot at least three shots at the spinner but did not spin it a 10 second penalty was added to the time. The bonus plate reduced the shooters time by 20 seconds. The shooter had the option to attempt the bonus plate or not with no penalty. Thanks to all who came out and shot. The steel plate match is fun in that it provides instant

feedback to the shooter as the steel plates fall off the rails or not.

If you missed this match, your next opportunity is TBD.

### WORK DAY MARCH 25, 2017

On Saturday March 25th. from 8AM till about Noon we will have our annual Work Day at the range. We will be attacking all of the normal projects that we do each year such as replacing some of the R.R. ties that have been shot up, digging the berm trench out, moving some

stones around and fertilizing the field. There will also be some painting of the red and yellow lines at the firing line and the iron target stands. Bring along a shovel and some work gloves.

So if the weather is good, I hope to see as good of a crowd as we had last year to be able to get everything done. I hope to see you there! Thanks, Artie

Don't let your Chatuge Gun Club membership go away. Have you attended the Range Review class necessary to maintain membership in the club after April of this year?

The classes are limited to 20 per class and if you intend to continue your membership in the Chatuge Gun Club, you MUST attend a class prior to 31 May 2017.

Please do not send/mail membership dues if you have not attended one of these classes as the check will not be deposited.

If you wish to reserve a spot in one of these classes please contact us to request a date at: [chatugememberships@gmail.com](mailto:chatugememberships@gmail.com)

The classes are available EVERY WEDNESDAY evening at 6 pm and on the SECOND SATURDAY of each month at 10 am.
